## LIFE

Dear Member,

We are halfway through winter and we already have more snow than we know what to do with. The ski resorts are buzzing with people, all enjoying the fluffy powder!

As beautiful as all the snow is, if you're like me, your interest is more with the relaxing, indoor activities. I am pleased to announce the launch of a new spa program! The treatments are designed around the outdoor activities the resort is known for. From skiing, snowboarding and cross country skiing in the winter to hiking, mountain biking and kayaking in the warmer months, the spa will revive sore muscles and ease tender joints. Below are my favorites from the new treatments offered. I hope you are able to enjoy these amazing services soon!

Ultimate Radiance and Renewal Facial  
\$280 | 80 Minutes

The Ultimate Radiance and Renewal Facial includes a brush cleanse, skin radiance mask, age-defying crystal facial massage, specialized scalp massage and a lifting mask. This is a must-have treatment!

Winter Solstice Manicure and Pedicure  
\$150 | 75 Minutes

Enjoy a soothing respite from the dry, cold winds of the slopes with the exclusive new fig milk and argan oil manicure and pedicure.

I am also very excited to announce the hire of our new Spa Director, Candice Betz. Candice has transferred from Starwood Hotels and brings a new approach to the spa with a focus on a new, elevated retail line. If you see Candice during your next visit, be sure to welcome her to beautiful Lake Tahoe!

Warm regards,

Jenni Lawler  
Director of Operations

## Club Association Updates

### Amendment to the Bylaws

Members voted in favor of amending the Bylaws to remove consecutive term limits. Members also voted to amend the Declaration to change from a fiscal year to a calendar year. The Bylaws are currently posted to the Member web page at [myrcc.com](http://myrcc.com). Updates to the Declaration of Covenants, Conditions, and Restrictions will be posted after required recordation has been processed.

## Operational Updates and News

### Enseo Television Platform Updates

In the last newsletter, I mentioned the new television platform that was installed in all 11 residences. As many of you know, the new platform and the current LG televisions do not allow for DVD players. Enseo has informed the resort team that the issue is expected to be resolved with the new introduction of software in early March. Thank you for your patience and understanding while we work through this minor setback.

### 2017 Soft Goods Renovation Timeline

The 11 residences of The Ritz-Carlton Club, Lake Tahoe will undergo a soft goods renovation beginning in April 2017. The project is currently on schedule to begin April 22, 2017 with two to five Residences being renovated at a time. The projected completion date is May 28, 2017. Renovation will include television upgrades that will work simultaneously with the DVD players. The residences will also receive new furnishings and decor. The new design reflects the mountain lifestyle of Lake Tahoe, but with a sleek, modern feel. We hope you all are as excited as we are for this interior refurbishment.

This fast paced deli has something for everyone! Their sandwiches, both breakfast and lunch, can't be beat! Their hearty sandwiches are sure to fuel you for whatever the day may bring. They even offer gluten-free and vegan options.  
The locals' favorite: Dirka Dirka Sandwich on Jalepeno Cheddar Bread and the Gnar Burrito

### *Coffee and Specialty Shops*

Dark Horse Coffee Shop  
10009 West River Street, Truckee, California

A small coffee shop with big flavor! The Truckee store is the only one outside of it's home base of San Diego.  
The locals' favorite: Cold Brew on Nitro or their Brazilian Roast

New Moon Natural Foods  
11357 Donner Pass Road #C, Truckee, California

New Moon is not only a boutique grocery offering the freshest produce and locally sourced meats, it also includes an organic salad bar, juice bar, homemade soups, and sandwiches made with only the finest ingredients.  
The locals' favorite: Maggie's Farm Sandwich and the Electric Magpie Juice

## So Much Snow!

If you've visited Lake Tahoe recently, you've probably had to pinch yourself to make sure you're not dreaming. The reality is, we really do have epic amounts of snowfall! After four very dry winter seasons, the winter of 2016-2017 has not failed to deliver. So what is the final count? Some areas in Tahoe reported up to 16 feet of snow from the January storms. Mount Rose, the highest peak in Tahoe, reported just under 25 feet. Skiers and snowboarders have been steadily flocking to get a piece of the powder. The local resorts' snow reports are listed below, and the best news...there is more to come!
